ROOSEVELT ORDERS LICENSE OF HARTWEG'S SUSPENDED NINETY DAYS FOR BEHAVIOR

Crowded President's Boat and Angered Every Other Pilot in the Fleet

Evansville, Ind., Oct. 5.—United States inspector of Harbors, Williams, for the local port received a telegram signed by President Roosevelt directing that the license for the steamer Hartweg, carrying the Pittsburgh delegation in the present river trip be immediately suspended. The telegram follows:

"Memphis, Tenn., on board U. S. S. Mississippi, Surveying Inspector of Vessels, Evansville, Ind.

"I direct that the license of the master, or whoever is responsible for the Hartweg during the present voyage, be suspended at once for ninety days. I wish this done by telegram wherever the boat is, if such proceeding is possible. Col. Sears can give you the details of the misconduct which has been of a serious nature and which might at any time have caused an accident to this boat as well as to other boats."

THEODORE ROOSEVELT.
Steamer Hartweg's home port is Cairo and it is inspected at Evansville.

Memphis, Oct. 5.—The run down the river was devoid of interest, for the most part, the only noteworthy incident being a brief race between the Alton and the Fred Hartweg, a fast Ohio boat, with a delegation from Pittsburgh on board which joined the presidential fleet at Cairo, which was a drawn battle. The race, which repeatedly crowded the boat of the president, angered nearly every other boat's master on the river. The president seemed to enjoy the situation created by pilot rivalry. The Hartweg had a party of Pittsburgh people on board, and late in the afternoon, just as we approached this place the pilots of the Lily and the Alton pocketed the Hartweg and gave her their smoke.

Hartweg Struck Boat.

Memphis, Oct. 5.—Report reached Memphis last night that an accident occurred south of Cairo Thursday which came very near causing a wreck of the steamer Mississippi and the loss of the life of the president and all on board.

The St. Louis fleet and other fleets in the river parade met at Cairo after the reception in that city and proceeded down without formation, although it was understood the Alton and the McKenzie had the right of way behind the president's boat, the Mississippi. The Hartweg, containing the Pittsburgh delegation, sought to nose the Alton out of its position and while the Alton was seeking to

TWO LOGS ROLLED ON HIM.

While Thomas Moss, colored, about 35 years old, a laborer at the plant of the Paducah Box and Basket company, assisting in unloading logs from railroad cars, two logs were released together and got away from his companion, and Moss, who stood on the ground directly in front of the logs, which weighed several tons, was caught by the log ends as they fell from the car. His arms and legs were crushed and it will be some time before the extent of his injuries are known, physicians fearing that he is internally injured.

The patrol wagon removed him to his home, where Dr. J. D. Robertson attended him.

WILLSON WILL WIN.

"Augustus E. Willson will win by 1,500 majority," was the prediction of Mr. Thomas W. Patterson, traveling man and newspaper writer, of Murray, who was in the city today. Mr. Patterson has just returned from a trip over western and central Kentucky and says that everywhere he goes there seems to be a great landslide toward the Republican leader. Mr. Patterson thinks that the speeches of Willson, Bradley and Breckinridge in western Kentucky have opened the eyes of the people to the true conditions existing in the state.

To Indict Southern Pacific.

San Francisco, Oct. 5.—All the evidence of rebating gained against the Southern Pacific will be placed before Attorney General Bonaparte and an effort will be made before the federal grand jury to procure the return of several hundred indictments.

"My Nomination Meant End of Republican Machine; And I Believe it Will End the Democrat Machine." —A. E. WILLSON.

Will Exclude Japanese Coolies.

Washington, Oct. 5.—Acting under instructions from the president, it is said, Secretary of War Taft has informed the Japanese government of the firm intention of the United States to adopt the policy of excluding Japanese laborers from this country. He urged that the best way to

enforce this would be for both countries to agree to an exclusion law. Nagasaki, Oct. 5.—The battleship Minnesota with Secretary of War Taft and party arrived today. A royal reception was given. Their stay will be short. They leave soon for Manila.

PUBLIC SCHOOLS SHOW INCREASE IN ATTENDANCE

The following table shows the comparison of city school enrollment of 1907 and 1906:

| | 1907 | 1906 |
|---------------------|------|------|
| High school | 159 | 166 |
| Washington school | 867 | 722 |
| Franklin school | 332 | 323 |
| H. E. Lee school | 355 | 337 |
| Longfellow school | 291 | 255 |
| Jefferson school | 332 | 345 |
| McKinley school | 209 | 212 |
| Colored Schools | | |
| Lincoln High school | 38 | 41 |
| Lincoln school | 385 | 389 |
| Garfield school | 418 | 423 |

The total white enrollment for 1907 is 2,458. The total colored enrollment is 841, making a grand total for September, 1907, of 3,299.

The total white enrollment for 1906 was 2,361, the total colored enrollment was 838, making a grand total of 3,214.

This record shows an increase in the white schools over 1906, of 97, and a decrease in the colored schools of 12, making a net total increase of 85 for September, 1907, over September, 1906.

The largest increase is in the Washington building, where there is 126 for September, 1907, over 88 for September, making a gain for the Washington school of 138 pupils. The other buildings show practically the same enrollment of September last year, as will be seen from the table above.

Superintendent Carnegie considers this a fine increase, considering the fact that the new buildings are not yet completed, and many people seem to be waiting to start some of the younger children until the new buildings are ready.

The attendance has been remarkably good, and everything is in the shape for a successful year's work.

HOLE IN SHOW WINDOW.

A mysterious hole was discovered yesterday afternoon in the show window of Warren & Warren's jewelry store, 403 Broadway. The hole was cut with a diamond, and some heavy instrument had been used to break out the piece outlined. Harry Dalton, a tailor, takes the show window to display his goods.

PADUCAH SPORT WINNER.

A Paducah sport returned from Mayfield last night with \$250 he had won from the bookies at the Mayfield race meet yesterday on Andy Miller's excellent demonstration. He would have taken more only the bookies placed a limit on bets. He knew what Miller could do, having seen him perform here.

WILLSON SPEAKS TO COURT ROOM FULL AT BENTON

(Staff Correspondence.)

Benton, Ky., Oct. 5. (Special.)—

A. E. Willson, Republican candidate for governor, is speaking to a court room full of people here this afternoon, and this in the face of a counter attraction in the shape of a meeting of the American Society of Equity at Birmingham, this county. An unusually large number of farmers are in the city and the majority went to hear Mr. Willson. Every section of the county is represented. No one can draw disparaging comparisons between the Willson crowd and the Beckham crowd, because both spoke in the circuit court room, and both spoke to crowded houses.

Mr. T. B. McGregor, the popular young candidate for the legislature, introduced Mr. Willson, in an able speech. It is certain that Mr. McGregor will poll the biggest vote any Republican ever had in Marshall county. His reputation and popularity and native ability combine to give him prestige. Even those who believe no Republican has a chance of election in Marshall county, admit that Mr. McGregor will make a phenomenal showing.

DESIRES TO KNOW WHAT THEY THINK OF THE SCHOOLS

County Superintendent S. J. Billington is wrestling with a problem. He desires to learn just how parents feel towards the county school management, and finds a vast difference.

The Lee school in district No. 36, has no teacher and 52 pupils are out. Teachers refuse the position because it pays but \$26 the month. Salaries are based on the number of pupils. School attendance and enrollment increased over last year in every school visited by the superintendent, but he has more than two-thirds of the schools to visit.

End of Stock Engagement.
Dora Woodruff Stock company closes a week's engagement at the Kentucky tonight in the sensational melodrama "Deadwood Dick," or "The Scout of Ft. Mead." The Woodruff company has played during the entire week and pleased the patrons of the Kentucky theater. Tonight this company will give away a 100 piece dinner set to the person holding the lucky number. The dinner set is now on exhibition at Gilbert's drug store.

Louisville Tragedies.

Louisville, Oct. 5. (Special.)—While trying to act as peacekeeper in a quarrel over a dog in a saloon at 1500 Lloyd street, James T. Curt-stinger was shot through the heart by John Ryan, the bartender, and died instantly.

Henry Huddle, an employee of Avery & company, committed suicide at his home, 3608 High street, by cutting his throat. He used two razors, holding one in each hand.

Columbus, O., Oct. 5.—Helen Lyons, the Cashon girl, who mysteriously disappeared September 26, returned home last night and said she had been in a Columbus hospital undergoing an operation on her arm. Inquiry at all Columbus hospitals fails to find any record of the girl being there.

Promises Not to Depart From Ambition to Restore to Kentucky the Old Honor and Integrity That Once Distinguished Her State Government.

(Staff Correspondence.)

Murray, Ky., Oct. 5.—Oratory such as was heard here yesterday afternoon in the speech of Augustus E. Willson, Republican candidate for governor, has not been heard from any other speaker in this campaign. Nor have any candidates, expressed such high political ideals, and the voters must have felt that he would make good his declaration of purpose, "to bring back the grand old state to the glory it bore in the days of our grandfathers, when the name Kentuckian was synonymous with chivalry, honor, faith and manhood."

It was a good crowd that heard Mr. Willson—the weather prevented a larger demonstration—but no political speaking here has been characterized by as little restlessness as this one was. From the time he began his speech with a simple, informal, heart-to-heart, getting-acquainted introduction, until his magnificent appeal for unfettered manhood in voting, whether that independence dictated voting for the Republican or Democratic party, the crowd listened, not with uproarious outbursts of applause, but with quiet realization that here was a man, whose ideals qualified him to be entrusted with the state government with some hope of an administration that would reflect glory and not shame on the commonwealth.

Reports of political meetings sometimes are misleading. The blatant but superficial enthusiasm that characterized an Ollie James speech prompted largely by humor, has the appearance of reality, but when Mr. Willson's audience applauded yesterday, it was to applaud sentiments of manhood, liberty, equality, fraternity, Christianity. And it is evident that the impression made by the speaker will be as deep as the sentiments to which he appeals; so that more actual vote-changing follows a speech like Mr. Willson's than of the other kind, however, much the reporter's imagination may be fired by them.

Paducahans had the chance and they took it in a flattering degree to hear Mr. Willson and his ideas on most of the subjects that confront the people of Kentucky, or rather the subjects with which the people of Kentucky have been confronted by the Republican candidates; for in Mr. Willson's ringing words:

"We have told the people that the machine has greatly increased taxes through property assessments, and Democratic candidates have replied, 'Goebel was murdered.'"

"We have told you that Governor Beckham has pardoned over 2,000 criminals, thus saving that in 2,000 cases, the courts of the state have been wrong, and they have replied, 'Goebel was murdered.'"

"We have shown you that numberless offices have been created to give to machine favorites and which eat out the substance of the people, and the Democratic leaders have answered, 'Goebel was murdered.'"

"We have proven that the 1906

DISLIKE OF SCHOOL MAKES BOY RUN AWAY

Jacob Johnson, the 17-year-old son of County Road Supervisor Bert Johnson, has left town, and his father is anxious. "He has not been attending school as he should," said his father. "I told him Monday that he must attend. He disappeared Tuesday and I have heard nothing of him since. If he will return home he may stop school. I am anxious over his whereabouts and finances."

MAUDE DEVERS' FLIGHT.

Maudie Devers, of Metropolis, a 15 year old girl, who has been earning \$2.50 per week working in a local manufacturing plant and paying the same board, was placed in the Home of the Friendless this morning, pending word from her guardian in Metropolis. She has been living here some time, and appeared in police court as a witness this morning, and thereby came under observations of Humane Officer Jap Toner. The girl doubtless will be returned to Metropolis.

NO STRIKE ON THE WAYS AND DOCKS IN PADUCAH MONDAY; MANAGERS GRANT INCREASE

Tigers Win.

Detroit, Philadelphia, Chicago. That is the way they finish in the American league. There are three more games to be played, but they will change the percentage only, not the standing of the clubs. This throws the light for the world's championship between the Detroit American League and the Chicago "Cubs," National League. The championship series will commence next Wednesday in Chicago.

HIGH SCHOOL BOYS GO TO METROPOLIS TO PLAY FOOTBALL

A large delegation went to Metropolis with the High school football team today to witness the game between the High school and Metropolis High school. Among the teachers who accompanied the boys were Miss Adah Hazelton, Miss Mamie Noble and Prof. Schrieves. The line-up will be Gregory Harth, center; George Scott and George Burton, guards; Ed Cave and Gus Elliott, halves; William Wilhelm and Harry List ends; Luftenburg, full back; Will Rock, James Cochran and Charles Menard.

Bryan Coming Tuesday.

Mr. Urey Woodson, national Democratic committeeman, wired here today that Bryan will be here Tuesday at 2 o'clock. He will speak at Eighth and Clay streets.

UMBRIA MISSING

Liverpool, Oct. 5.—The steamer Umbria has not yet been heard from. A wireless should have been received this morning. The gravest concern is felt for the safety of the boat.

MRS. SOPHIA HUMMEL.

Mrs. Sophia Hummel, widow of the late F. Hummel, Sr., died this morning at 9:30 o'clock. She was born April 16, 1826, in Dertschach, Wurtemberg, Germany. Four children survive her: F. Hummel, Jr., W. P. Hummel, Mrs. Sophia Neumann, of this city, and Mrs. Elizabeth Kaiser, of Kansas City, Mo. She was a devout member of the German Evangelical Lutheran church. Services will take place tomorrow afternoon at 4 o'clock at the German Evangelical Lutheran church.

HUNT OUT OF SEASON.

Open violations of the game laws in this county will be investigated by Game Warden John Dean, and if hunters do not make themselves scarce in parts of the county where violations have been so frequent, they will doubtless pay well for their sport. Residents in the neighborhood of Eden's Hill, and on the Broadway road, have reported much hunting out of season. Quails mostly are killed, and the game law doesn't expire until November 15.

Trouble Averted at Time When it Would Have Meant Incalculable Loss to the Managers and Men Alike in Ship Repairing Industries Along the Ohio

There will be no strike of ship carpenters employed at the ways and docks in Paducah. The demand of the men for an increase from \$3 to \$3.50 a day will be granted without any delay or trouble and the large amount of work that is being done at the different places will go on Monday as usual.

The demand for an increase in the wage scale was made on the managers of the docks and ways of the city Wednesday and they were given until Monday to make reply. All the managers of the docks seen this morning stated that they would meet the raise, Captain Williams, of the marine ways, was not seen, but it is understood that he has agreed to the raise in wages and not the least trouble is expected at that plant.

A strike at this season of the year would cause great loss to both employers and employees, as this is the busiest time of the year, the season when the steamers are laying up waiting for repairs. The great increase in the amount of river traffic and with bright prospects for a nine foot stage from Pittsburgh to Cairo has caused a great revival of interest among river men and a larger amount of work than is usual is waiting to be done in the ship building yards this year.

The men who are asking an increase in wages say that the increase is made necessary by the great increase in the cost of living.

STRANGER LOSES ROLL.

"Who has J. W. Walker's roll?" is a question puzzling not only Walker but the police force. Walker, a stranger, is minus \$60 and could give little information in the way of a clue that the police could intelligently work on. Last night he went out for a lark and accompanied several young men over different portions of the city. He remembers being near Ninth street and Kentucky avenue and having his \$60, but when he arrived at the New Richmond House and collected his scattered wits, had been relieved in some way of his cash.

ROOF'S GROCERY STORE LOOTED BY BURGLARS

Roof Bros' grocery, at Seventh and Tennessee streets, was the victim of another burglary last night, but this time little was taken. The robbery was discovered by the proprietors when they opened up for business at 5 o'clock this morning. A front window was broken open. The cash drawer was standing open with what few pennies missing. Candle grease on the edge of the drawer showed the kind of light used in rummaging through the building. Only the few pennies, some fruit and a large stick of candy have been missed. No clue was left that might lead to the identity of the guilty persons. The store was closed at 10 o'clock last night.

Third Term Talk is Revived By Governors on the Alton Going Down River With the President

Memphis, Oct. 5.—Perhaps the most interesting gossip which has been heard among the politicians since the trip from St. Louis began has had to do with the effect which the trip the president made will have on his own political future. There are a number of long-headed and wise politicians among the 20 governors of states, and twice that number of members of congress. They seem to be of one mind as to the effect in the middle west and to agree that nothing the president has done since he succeeded Mr. McKinley will go further to force upon him the nomination of his party for a third term. Without regard to politics, governors and representatives are seriously declaring that there will be a demand

that the president accept another nomination, and he will be aided to election by the people of this section. They contend that he has by his presence in the middle west and his spectacular trip down the river placed himself at the head of the deep waterway movement. Whatever turn it now takes the president will be behind it, and it has become indissolubly a part of his policies and his administration is now unquestionably committed to it.

It is urged that the people of the middle west will insist upon him continuing at the head of national affairs, so that he can work out the great problem of the deep waterway, just as he is working out the Panama canal problem.

S.S.S. HEALS OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds disease germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during youth, vigorous life, but when middle age is reached or passed and the natural activities begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S. S. S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S. S. S. and remove of the cause, and then the sore must heal. FINES POLICEMAN

THAD TERRELL FAILED TO APPEAR IN POLICE COURT.

Usual Docket Tried By Judge Cross at the Regular Session This Morning.

When Patrol Driver Thad Terrell was summoned yesterday to appear as a witness in police court against Goldie Jones and Ben Rice, charged with breach of peace, and failed to show up, a rule was made for his appearance the next morning. This morning for contempt of the rule in failure to appear, Terrell was fined

\$3 by Police Judge D. A. Cross. With Major and Allice Morton, colored, were fined \$30 and costs each for being drunk and disorderly. Little Bonds, Eva Johnson and Martha Bell, colored, were given 50 days in jail each for drunkenness and disorderly conduct. Other cases: Robert Tidwell, breach of peace, \$10 and costs; T. J. Owens, E. W. Whittemore, W. V. Knott, H. Bradley, Jake Wallerstein, G. C. Wallace and Sam Hubbard, breach of ordinance, dismissed; Emma Martha, colored, using insulting language, continued.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded, 50c.

There is no solution of any social problem without sympathy.

A Square-Deal

Is assured you when you buy one of Dr. Pierce's Family Medicines—for all the ingredients entering into them are printed on the bottle-wrappers and attested under oath as being complete and correct. They are gathered from Nature's laboratory, being selected from the most valuable native, medicinal roots found growing in our American forests. While potent to cure they are perfectly harmless even to the most delicate women and children.

Not a drop of alcohol enters into Dr. Pierce's leading medicines. A much better agent is used both for extracting and preserving the medicinal principles, viz., pure triple-refined glycerine of proper strength. This agent possesses medicinal properties of its own, being a most valuable anti-septic and anti-ferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, "heartburn," foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

For all diseases of the mucous membranes, the "Golden Medical Discovery" is a specific. Catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs is cured by it. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even in the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The

"Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate hang-on, or chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

It's an insult to your intelligence for a dealer to endeavor to palm off upon you some nostrum of unknown composition in place of Dr. Pierce's world-famed medicines which are of known composition. Most dealers recommend Doctor Pierce's medicines because they know what they are made of and that the ingredients employed are among the most valuable that a medicine for like purposes can be made of. The same is true of leading physicians who do not hesitate to recommend them, since they know exactly what they contain and that their ingredients are the very best known to medical science for the cure of the several diseases for which these medicines are recommended.

With tricky dealers it is different.

Something else that pays them a little greater profit will be urged upon you as "just as good," or even better. You can hardly afford to accept a substitute of unknown composition and without any particular record of cures in place of Doctor Pierce's medicines which are of known composition and have a record of forty years of cures behind them. You know what you want and it is the dealer's business to supply that want. Insist upon it.

RIVER NEWS

The gauge stood at 7.8 this morning a fall of .1.

The Joe Fowler came in from Evansville last night and got away this morning at 7 o'clock on her return trip.

The Sallito will be in from St. Louis this afternoon or tonight. She will go on her way up the Tennessee, after delivering and receiving freight here.

The Ollie S. is a new boat that is owned by Smithland people and will probably be put on a regular trip from Dyessburg to Paducah. The little boat is said to be well built and can make good time.

The Royal missed her regular trip yesterday.

The Buttorff was due in from Evansville today but will not reach here before tomorrow night.

The Dunbar left this morning on her regular trip to Cairo in place of the Dick Fowler.

The towboat Fannie Wallace carried a tow of coal to the Interstate Transfer company at Cairo.

The Golden Rod passed up from Cairo yesterday bound for the Tennessee river.

The Charles Turner is in from the Tennessee river with a big tow of ties.

The Kentucky will get out for the Tennessee river late this afternoon. The ship carpenters employed at the dry docks under Capt. Young Taylor made a record during the past two days that both men and Capt. Taylor are proud of. The regular force put on 107 floor timbers under the J. B. Richardson in 18 hours. Captain Taylor says he has the best set of men taking them all around, that he ever employed.

Official Forecasts.
The Ohio at Evansville and Mt. Vernon, will continue falling slowly during the next 36 hours. At Paducah not much change during the next 36 hours. At Cairo will remain about stationary or rise slightly during the next 26 hours.

The Tennessee from Florence to below Johnsonville, will continue falling during the next several days.

The Mississippi from below St. Louis to above Cairo, will continue rising during the next 36 hours.

New Clerk at Palmer.

Mr. Thomas W. Tandy, of Dawson Springs, last night assumed charge of the position of night clerk at the Palmer House, succeeding Mr. Lawrence Raso who has gone to Los Angeles, Cal. Mr. Tandy is a brother of Col. Harry Tandy and is a man of much experience in hotel management, having been connected for some time with the New Century hotel at Dawson Springs.

S. R. PAYNE

POPULAR L. C. FIREMAN SUCCESSFUL TO TYPHOID.

Burial Took Place This Afternoon in Clark's River Cemetery—Died in Railroad Hospital.

S. R. (Rex) Payne, 23 years old, a popular Illinois Central fireman, died last evening at 6:25 o'clock of typhoid fever at the railroad hospital after an illness of 31 days. He had been in the hospital three weeks, being taken there when his illness became serious. News of his death will come as a sad surprise to his many friends, many not knowing that he was seriously ill.

He was born in Kaler, Ky., and was the son of Mr. J. E. Payne, proprietor of a grocery store on West Tennessee street, R. F. D. No. 3. He went to living on the Illinois Central two years ago, and ran between Paducah and Central City until a short time ago, when he was assigned to a yard engine. He was a member of the Brotherhood of Locomotive Firemen and popular with railroad men generally. He leaves a wife, father and mother, one brother, Mr. Will L. Payne and two sisters, Misses Ella and Bettie Payne, of the Mayfield road.

The funeral was conducted this afternoon at 2:30 o'clock at the residence, the Rev. T. A. Harrison officiating. The burial was in the Clark's River cemetery.

One day's charity is a poor balance for six days' robbery.

Soldier in Guardhouse at Ft. Thomas Becomes a Ravling Maniac.

Cincinnati, O., Oct. 5.—After drinking a solution of wood alcohol mixed with other material for cleaning the floors, John R. King, a soldier confined in the guardhouse at Fort Thomas, became a ravling maniac today and set fire to the mattress in his cell. Other prisoners saw smoke issuing from his cell and upon forcing open the door found King on the floor in a dying condition. He expired soon afterward. He enlisted in the army at Columbus, O., several months ago and, it was charged, deserted. He was in the guardhouse pending trial.

-on approval-the stove of the best workmanship

—sixty years have been spent in developing the world's most perfect stove—thought, study, experience, the best of material and the best of workmanship have placed Buck's stoves and ranges far at the head of the list.—and now we stand ready to give them the most thorough and fair test ever given to a stove by sending one to your home on approval. —see them today.

—The firebacks in all Buck's wood cook stoves are warranted not to burn out for fifteen years—they will last as long as the stove—one of many advantages to be found in Buck's stoves and ranges.

Let us have your order for stove repairs and castings right now. Don't delay.

Rhodes-Burford Co.

—these outside connecting rods save stove trouble—they are away from the heat where they cannot burn off and will hold the stove together as long as there is any stove to hold—a distinct advantage.

\$1.00 a week pays for any Buck's stove or range sent to your home on approval.

OCTOBER.

Build a mass of golden-rod she
grieves,
Her raven hair entwined with mar-
igold,
While in her lap lie colors man-
fold
Of which a crimson crown she idly
weaves;
And I have seen her stray among the
sheaves
When first the uplands were in yellow
stoles.
Or deep within the fastness of the
wood,
Her light feet tripping through the
fallen leaves.

Her face is wan and drawn from wan-
dering,
Her russet gown is rent by branch
and briar,
While in her eyes there burns a
sullen fire.

Like that of some half-wild and
hunted thing;
Yet oft at night, beneath the
cloudy moon,
She wakes the echoes with a witch-
ing croon.

Mrs. Leech Invites By Telegram.
Mrs. Thomas C. Leech, 105 Foun-
tain avenue, issued formal invitations
today for a card party on Thursday
afternoon. The invitations are most
unique and attractive. They are tiny
telegrams in envelope form arranged
on a 1907 postcard. Below the salu-
tation and greetings which are in
Italian, is written: "Expect you Octo-
ber 10, 2 p. m. Cards. Answer."

"Mrs. T. C. Leech."
They were gotten by Mrs. Leech
during her recent visit to Italy and
are charming souvenirs of the com-
ing event, which like all of Mrs.
Leech's entertainments will be indi-
vidual and attractive in all of its de-
tails.

The Alumni association will hold
its first regular meeting for 1907-
1908 at the High School Auditorium
on Friday afternoon at 4 o'clock. It
will be a musical program under di-
rection of the musical committee:
Miss Courtie Puryear, chairman, Mrs.
John Davis, Mrs. Lela Wade Lewis.
The announcement for October 7 in
the year book was a misprint.

The Woman's Auxiliary of Grace
Episcopal church will have its Mis-
sionary Tea for October on Friday af-
ternoon in the parlor of the parish
house.

October Queen of Clubs.

The first days of October are quite
given over to club lore, and there is
little time for mere pleasure.
These first meetings of clubs and
chapters are always eventful things,
and are as eagerly awaited as the
first days of school, with the deligh-
tful tangle of newness in books, teach-
er, deskmate, room, and possibly a
new school frock, to fresher one's
zeal in mere hard work. Later when
the charm of newness has rubbed off
and a little of the monotony of things
has crept in, there will be some "mere
pleasuring" to record, but everybody
is too busy now. The social clubs are
quietly biding their time to enter the
lists.

Informal Evening for Visitor.

Mr. and Mrs. Thomas C. Leech en-
tertained a few guests very informally
at a Dutch Supper on Monday even-
ing at their home on Fountain ave-
nue, in compliment to Mrs. Anna
Berryman and Mrs. Gustave War-
neken of Clarksville, the guests of Mrs.
Edmund M. Post and Mr. Baker, of
New York City, the house-guest of
Mr. and Mrs. Oscar L. Gregory. It
was a very delightful occasion and
those present were:

Mr. and Mrs. Oscar L. Gregory,
Mrs. Anne Berryman, Mrs. Gustave
Warneken, Mrs. Edmund Post, Mr.
Baker.

In Honor of Sister's Birthday.

Mrs. E. B. Richardson, 320 South
Third street, was the recipient of a
delightful surprise on Friday after-
noon, in honor of her sixteenth birth-
day the members of the Ladies' Mite
society of the First Baptist church,
called to give her good wishes and
congratulations and presented her
with a handsome rocking chair and
beautiful bunch of la France roses.
The regular meeting of the society
had been announced for that after-
noon with another member and Mrs.
Richardson was anticipating attend-
ing when they "surprised" her. She
has been a member of this society
since 1877 and has been its capable
secretary since June, 1890. She is
most devoted in her service and good
works for its upbuilding, and is one
of the most valued members of the
First Baptist church. A woman of
strong personality and character she
has a wide circle of friends. That she
is appreciated by her church and
friends was evidenced by their pleas-
ant keeping of her birthday. The af-
ternoon was pleasantly spent in a so-
cial way, and Miss Cora Richardson
served delightful ices and cakes.
Those present were: Mrs. W. E. Cov-
ington, Mrs. A. G. Coleman, Mrs. L.
L. Lassiter, Mrs. J. J. Wynn, Mrs. J.
R. Puryear, Mrs. Harry Lukens, Mrs.
C. B. Davidson, Mrs. J. E. Conkson,
Mrs. Wilmoth Rook, Mrs. C. M.
Thompson, Mrs. Huzman, Mrs. F. N.
Gardner, Mrs. William Hay, Mrs. J.
M. Walton, Mrs. J. S. Cheek, Mrs.
John Rebout, Mrs. L. L. Rebout, Mrs.
E. D. Thurman, Mrs. Hardin, Mrs. E.
H. Richardson.

Miss Frayser Delights Audience.

Miss Nannie Lee Frayser, of Louis-
ville, who spoke last evening at the
Woman's club on "The Art of Story
Telling in the Home," made a deligh-
tful impression. Miss Frayser has a
most attractive personality and gave
several stories in a very charming
manner. She was introduced by Mrs.
Henry C. Overby, chairman of the
department of education, under
whose auspices she appears here.
Quite a large crowd was present to
hear her. Mrs. George B. Hart and
Mr. Robert Scott rendered a deligh-
tful musical program previous to the
lecture.

Miss Frayser speaks this afternoon
again at the club house on "The Value
of Story Telling in the School," and
a number of teachers are present to
hear her.

Junior Parish Supper.

The pupils of the Grace Episcopal
church Sunday school were enter-
tained last evening with a supper at
the parish house. It was a most en-
joyable affair and attractively ar-
ranged. The four large tables were
set in the big hall and effectively
decorated with the autumn flowers.
In the center of the room was a large
"Teddy Bear" seated in a child's
high chair, to welcome the children.
A beautiful substantial supper with
hot cocoa and ice cream was served.

Games were played before and after
supper. The Sunday school teachers
were in charge of the supper.

D. A. R. Chapter.

Paducah chapter, Daughters of the
American Revolution met on Friday
afternoon with Dr. Della Caldwell,
735 Broadway. It was the first meet-
ing for this season and full of inter-
est in both the business and social
features.

The chapter decided to at once be-
gin energetic work to complete the
amount needed for the Memorial
Drinking Fountain, and will set apart
a day, the latter part of this month,
to be known as D. A. R. Drinking
Fountain Day. This day they ex-
pect to raise \$1,500 by soliciting a
contribution of \$1 only from as many
business men. They will also send
a petition to the board of educa-
tion, asking permission for the
school children to be allowed to make
a small contribution on this day, as
it is for a patriotic purpose. No man
will mind paying the small sum of
\$1 toward the fountain, especially as
he then will be relieved of any fur-
ther tax in the way of entertainments.
With this sum raised the order can
be given at once for plans to be drawn
for the pedestal, and work begun.

Mrs. E. G. Boone, regent of the
chapter, was made the delegate to
attend the State D. A. R. convention
in Louisville, October 15-16, and
will go. The chapter is permitted
only one delegate, but Mrs. Maurice
B. Nash, who is state vice regent,
and Mrs. L. O. Walker, and Mrs. Hoy
McKinney, will all be in Louisville.

at the time and will attend, so Padu-
cah will be splendidly represented. A
very delightful social feature of the
convention will be a lunch at the
Country Club, given by Mrs. Alex
Humphreys to the visitors.

A number of new members were
added to the chapter which is con-
stantly growing in enthusiasm and
members. These are: Mrs. Mildred
Fowler Davis, Mrs. Cook Husbands,
Mrs. Edward Bingham, Mrs. Ed-
mund M. Post, Miss Mattie Fowler,
Miss Rosebud Fowler, Mrs. Saunders,
A. Fowler, Mrs. Luke Russell, Mrs.
S. B. Moore, Mrs. David M. Flournoy,
Mrs. S. B. Pugh, Miss Mary Mar-
lin and Miss McKenzie, of Mississip-
pi.

The literary program was a most
interesting one. It was a Jamestown
day. Mrs. Charles K. Wheeler told
of "Jamestown Yesterday and To-
day" very graphically. Mrs. W. A.
Gardner gave some points of the "Na-
tional D. A. R. Day at Jamestown,
October 11." Dr. Della Caldwell
who has recently visited the exposit-
ion, told delightfully of "Jamestown
as Viewed the Past Summer." Miss
Virginia Nowell and Mrs. David
Flournoy rendered some charming
instrumental and vocal music. An
attractive luncheon was served at the
close of the program.

Mrs. E. G. Boone is the hostess
of the chapter for the November
meeting.

Crescendo Club.

On Thursday afternoon the Cres-
cendo club, a most energetic body of
students, met in Miss Newell's studio

for its regular business meeting. This
is the fifth successful opening and
year of this club which has promise
of its largest development. Miss Eunice
Robertson was elected president;
Miss Lucille Harth, secretary and Lu-
cy Overby, doorkeeper, and very ap-
propriate thanks for the compliment
and acceptance placed the officers in
charge of the club. Miss Mary Boud-
rant was asked to serve as vice-presi-
dent. The Woman's club was selected
as place for meetings, on second and
fourth Thursdays of every month, at
1:15 o'clock exactly.

The first program will be given
next Thursday in a "Mother's meet-
ing" when any mother interested in
an hour of music will be welcome, as
this is to be an open meeting.

Two interesting rulings for this
year, were made:

1. The doorkeeper shall report any
tardiness to the chairman, and said
parties will furnish the programs of
the following meeting.

2. Any member absent without a
written and acceptable excuse, sent
by the parents to Miss Newell, will
have to arrange and lead the second
meeting following.

These were rulings made by the
pupils and are binding.

Greetings from three former Cres-
cendo members at Brookport, Ky.,
Asheville, N. C., and Knoxville, Tenn.,
were read to the club and the secre-
tary advised to send cards bearing the
photo and picture of birthplace of one
of the masters of music, in acknowl-
edgement and response.

The second meeting of the club
will be presided over by Miss Adine

Music Department's Work.

The Woman's club has this year
created a music committee with Miss
Newell as chairman. Last year the
Matinee Musical club formed the mu-

sical department of the Woman's club
but for mutual benefit and with per-
fect understanding and sympathy the
Matinee resumes its work on next
Wednesday independently, while the
musical committee of the Woman's
club becomes an addition to the mu-
sical interests of Paducah. Through in-
terest in the Matinee club the com-
mittee will not have regular organiza-
tion for study but co-operates with
the former for further successful
work. Three programs will be given
in the Woman's club from this de-
partment and Miss Newell as chair-
man announces programs:

1. A contrast of old-time and new
ballads.
2. Making music of interest and
pleasure in the home.
3. Why and how to listen to good
music.

These topics suggest delightful af-
ternoons with programs emphasizing
the thoughts and rendered, by invita-
tion, by Paducah's most charming
musicians.

All club members are urged to at-
tend each, and the public has the
privilege for a nominal fee and will
be most welcome.

The Matinee Musical club compli-
ments the Woman's club with two
programs during this season, which
meetings are anticipated with real
pleasure. Mrs. Hubbard S. Wells will
preside as president of the Matinee
Musical club.

IS THIS YOU?

WINE OF CARDUI

Woman's Relief

Are you hesitating, at the parting of
the ways, on the question of whether,
or not, you should "Take Cardui?"

If so, perhaps the following informa-
tion will help you to settle the question,
in a way that will be satisfactory and
beneficial—to you.

The main question really resolves it-
self into two:

First: Will Cardui do you any harm?

Second: Will Cardui do you any good?

We can answer them both for you, in
a manner that we feel sure will be con-
vincing.

First: Cardui will not do you any
harm, no matter what your age, or in
what condition of health you may be.
Cardui is manufactured according to
scientific methods, from absolutely
harmless vegetable ingredients, con-
tains no minerals, opiates, or other dele-
terious drugs, and is fully Guaranteed
under the Pure Food and Drugs Act.

Second: Cardui will do you good.
How much good, of course, depends
very largely on your present state of
health, how long you have been sick,
and how long you continue to take it.
These things you know more about
than we do.

But we do know that Cardui has
proven itself, in the many years since it
was first used, a most beneficent,
strengthening, and specific remedy,
for the common disorders to which wo-
men are so subject.

Cardui will strengthen you if you are
weak.

It will relieve your female troubles,
if they are due to some cause which can
be reached by medicine.

As proof of the statement that Car-
dui will benefit womanly disorders, we
ask you to read the letters printed
below; then to go to your druggist and
get a bottle of it.

"SICK FOR EIGHT YEARS"

Revere, Minn., Nov. 22, 1906.

Before I took Cardui, I had such pains, low down in my back,
that I often wished I could die. I wasn't able to do anything.
I couldn't sleep and I often went to bed at night and thought I
wouldn't live till morning. No medicine helped me, until I took
Cardui, and now I am entirely well. I wish other women would
follow my advice and take Cardui for female dis-
eases. It is a sure cure and very cheap, for how
many women doctor for years and get no benefit;
whilst four bottles of Cardui and two boxes of The-
dord's Black-Draught cured me, although I had been
sick for eight years.

"LETTER OF GRATEFUL THANKS"

Page's Mills, S. C., June 12, 1907.

I write you this letter of grateful thanks, for the good that
Cardui has done me. I had strange feelings in my head and was
so weak and nervous I could scarcely do anything. I kept getting
worse and worse and the doctor could only give me temporary
relief. One doctor said I had nervous indigestion,
another consumption, and so on. My husband bought
lots of different medicines, but none did me any good.
At last I tried Cardui and found relief almost in the
first dose. I can truthfully testify that it is worth its
weight in gold to any suffering women. Now I have
no bad feelings, no bad dreams, no bad appetite. I
can eat, sleep and work, every day, and feel good.

NEWSPAPERS AND PARTY ORGANS.

Some newspapers forget that they are supposed to be newspapers before they are party organs. The Sun expects to go on reporting facts for the people of Paducah after the present campaign is over, and its reputation for truth and accuracy is more important than the success of any ticket. The Sun has its choice of party principles, and its choice for public offices, and it is the policy of The Sun to advocate their success in a dignified manner, swaying as little as may be to the passion of the campaign. We have a right to give our views of the opposition's campaign, methods and acts; but if The Sun told a deliberate falsehood about a meeting of the opposition, for instance, we should feel that those who know the truth, forever afterward would doubt the paper in those emergencies when a reputation for fairness and honesty is the deciding factor in settling a difference of opinion. This observation is suggested by the statement of the News-Democrat, concerning the address of A. E. Willson Thursday night: "Of the 500 people who went to hear Mr. Willson, at least two-thirds were negroes." The whole statement is a deliberate, base falsehood. There were appreciably more people there than were out to hear Governor Beckham and Congressman James, and the proportion of white people was greater. Every one who listened to Mr. Willson's

speech knows that the News-Democrat told a deliberate falsehood for the sake of temporary political expediency. Everybody knows the News-Democrat's attitude on several other live questions that are just as important to our social and civic community life. If the News-Democrat spoke falsely on this occasion to suit the convenience of its views, can one believe the same paper on any other subject in which it or its owners, or its allies are interested?

The Sun does not care what the News-Democrat says of Mr. Willson's speech, or his conduct or his attitude, or his candidacy—well, really, The Sun does not care what the News-Democrat says about the crowd for that matter. The Sun is just calling attention to the fact that the News-Democrat does not stop at falsehood that is known to some 2,000 people of Paducah representing perhaps, three times as many families.

The unanimity and urgency with which the Democratic orators are dwelling on the direful consequences of Republican success in the state this fall, indicate the imminence of Republican success. Two months ago, the Democrats were talking as if victory were already theirs.

"The state is one great business institution, and you, the people, are the stockholders," was one of the pointed remarks of Augustus E. Willson in his speech in this city. Just so, the city government is one great business enterprise. What kind of a man do you people of Paducah want to assume charge of this half million dollar business of yours? Do you want a man who pays taxes and owns real estate, who is interested in the economical administration of affairs and at the same time is interested in that development and progress which the municipality may foster without departing from its proper functions? The race for mayor is different from all the other contests for office. Its qualifications are peculiar. Executive ability, familiarity with the management of big affairs, just appreciation of the value of money measured in improvements, an interest in the commercial and industrial progress of the city and sentimental regard for Paducah's welfare which identify with her growth only can produce, are essentials.

The completion of the rink and auditorium at Tenth street and Broadway and the completion of the new city park there will work a wonderful change in the appearance of that part of Broadway.

THE JINGOES.

Of all the transparent, vicious, cowardly and unpatriotic ebullitions that have arisen to the surface from the black bottom of the pot of partisan malice the following from the New York World caps the climax: "The New York Sun, a newspaper which has long had exceptionally close relations with the state department, in an editorial yesterday said: 'Those who apparently have the right to express authoritatively explanations of the object of transferring the navy to the western coast persists in saying that it is for practice. We regret to say that we share the Japanese belief that the explanation is false.' 'The navy is going to the Pacific for war with Japan, and Japan recognizes the fact and is energetically preparing for it. Once the operation of transferring our ships to Pacific waters has been accomplished war is inevitable. 'It is an insane project.' 'Coming from such a source, this is a remarkable statement. It contradicts the solemn assurances of the administration. It conflicts with the immediate facts so far as they appear outwardly in our relations with Japan. 'At this moment Mr. Taft is actually in Japan on a mission of friendship and good will. His first words on landing at Yokohama were: 'America and Japan always will be friends. The necessity for arms in trade is something we do not recognize. I speak as the secretary of war of America and also as the secretary of peace.' 'The American people do not desire war with Japan. They see no occasion for war. The administration professes to know of none. No more does Japan, for the best of reasons, desire war with the United States. Its credit has been overtaxed and its resources drained by the exhausting struggle with Russia. Even if it were hostile at heart it must recover its strength before engaging in another war, except in self-defense. 'Yet Mr. Roosevelt's battleship expedition to the Pacific is a bad policy, because it may lead to real complications. The fact that it could elicit such an amazing prediction of war as the Sun makes is proof of its disturbing and demoralizing influence. It excites suspicion, because it is pure jingoism. American and Japanese jingoism alike will use it to exaggerate causes of ill-feeling. To provoke war talk, as Mr. Roosevelt is doing is to create war sentiment.' 'If we did not remember the abuses these same jingoes heaped on the administration for not immediately declaring war against Japan on account of the San Francisco incident, we would be put on notice of the character of the editorial by the introduction of a statement about the New York Sun. The national administration has no more bitter nor more unfair critic than the New York Sun, a fact that is generally known. 'Roosevelt's foreign policy was clearly outlined at Cairo, when he

likened a just nation to a just man: neither giving nor accepting insult; fair to everybody and exacting fairness in return. He characterized the kind of nation the jingoes would make up of us when he mentioned as infamous the nation that is 'rich unarmed and insolent.'

We have island possessions in the eastern seas that must be guarded. We have commercial interests in Asia that must be protected and fostered. The Pacific ocean is as much our 'home water' as the Atlantic. The jingoes howled, because the administration did not at once declare war. They will next be shouting that to increase the navy will be to tempt war, when we desire peace.

Such men and such newspapers disgrace and hamper their country.

The fact that more than a thousand people stood in the rain Thursday night and listened to the arraignment of the state machine by Hon. Augustus E. Willson, indicates the seriousness with which the people of this city consider the mismanagement and corruption which he exposed, and the impression he made on his hearers. Mr. Willson's words carry conviction to the hearts of his hearers and leave the impression of earnestness and honesty of purpose.

NATURE AS A RECONSTRUCTOR.
 "Nature repairs her ravages—repairs them with her sunshine and with human labor."
 Osteopathy is one of Nature's most used instruments a repairing her ravages. Take the Osteopathic treatment of headaches. It locates the primary cause and removes it, not in administering a common known sedative to one and all alike, but by a simple mechanical manipulation. So, in digestive disorders Osteopathy restores the nervous equilibrium to the stomach, bowels, liver, pancreas, etc., and a unity of action established, the disorders are readily controlled and cured.

Constipation can be cured only by observing nature's laws. The regular movement of the bowels depend on their nerve and blood supply. If one or the other is disturbed in any way here is disorder—sickness. Osteopathy here again is Nature's cure. I should like to tell you personally at any time of the great success I am having with the treatment and refer you to some of your friends who will eagerly attest to what Osteopathy is doing or has done for them. Phone me at 1:07 at any time.

MORE REASONS
 Why We Deserve Your Drug Store Patronage:
 A prescription is an order from a doctor to a druggist for a specified amount of medicine of a certain kind and quality with directions for its use by the patient. Experience has taught most physicians that in many instances medicinal preparations made by certain firms give better results than others that may be had for perhaps half the money. For this reason a doctor often names a certain brand of medicine which he wants used in his prescription. Very often it is easy for a druggist to use the cheaper brand. This practice on the part of the druggist is called SUBSTITUTION.

The physicians of Paducah know that we do not substitute.

Our immense stock enables us to give exactly what the doctor orders.

Furthermore, business integrity is not a mere jest with us. It is the foundation of our large and steadily increasing prescription business. All the doctors know that our name on the label guarantees the integrity of the medicine.

Bring us your prescriptions.

—The effect of the recent decision of
the court of appeals declaring un-
constitutional the law passed at the
last session of the legislature, pro-
hibiting the shipment of whisky into
local option territory, is awaited
with much interest by the wholesale
whisky dealers of Paducah, and is
interesting to the people who live in the
dry counties of western Kentucky.
The decision while not bringing direct
relief to the Paducah dealers who
are prevented from shipping
whisky into dry communities, may
provide a way that the penalty may
be avoided. The evidence in the case
that was decided showed that a Cov-
ington, Ky. brewery had shipped
beer to Cincinnati and there had it
reconditioned to a party in Boyle
county. Admitting that it was a trick
the court of appeals holds that when
the state line is crossed the state has
no power to regulate the shipment,
the common carrier being compelled
to carry the consignment. Under
the ruling it is believed that Paducah
dealers may ship whisky a cross the
Tennessee line and have it recon-
ditioned to their customers in Ken-
tucky. This will afford relief, espe-
cially to the trade in Calloway, Mar-
shall, Graves and Fulton counties,
the frequency of trains making it
possible for the round trip to be made
in a few hours.

—ATTEMPT TO PURCHASE
REGISTRATION CERTIFICATES
A Pedestrian Offense—Both Pur-
chaser and Seller Culpable.
Subsection 15, of section 1583 of
the Kentucky statutes provides, that
"Any person or persons who shall
attempt to prevent, or prevent, any
voter from casting his ballot, shall
be deemed guilty of a felony, and
upon conviction, be confined in the
penitentiary for a period of years, or
not less than one nor more than five
years for each offense."

Section 1591, of the Kentucky
person guilty of receiving a bribe for
his vote at an election, shall be fined
from fifty to five hundred dollars and
be excluded from office and suffrage.
And subsection 2 of said section reads
that "whoever shall receive money or
other thing of value to be used for
the purpose of procuring or influence-
ing a vote or votes shall be deemed
to have been bribed."

Every attempt to purchase a reg-
istration certificate is an attempt to
prevent a voter from casting his bal-
lot, and renders the offender liable
to the penitentiary penalty. And
every voter who receives money or
other thing of value for his registra-
tion certificate, does so for the pur-
pose of influencing his vote, is guilty
of being bribed, and is liable to the
penalty fixed by the law.

Section 1591, of the Kentucky
statutes further provides: "That
this chapter shall be liberally con-
strued, so as to prevent any evasion
of its prohibitions and penalties by
shift or device." And further re-
quires that violations of these laws
shall be "given specially in charge to
the grand jury of every county first
convened after any general election."

The executive committee of the Re-
publican party in Paducah have in-
formation that attempts have been
made to purchase registration cer-
tificates in this election, and are pre-
paring the evidence necessary to con-
vict the offenders on warrants to be
taken out before the committing
magistrates of the city.

—PEOPLE
AND SOCIAL EVENTS
Paducah Men Complicated.
Miss Frayser, of Louisville, in her
opening talk last night at the Wom-
an's club house, expressed great sur-
prise at the beautiful and complete
building, especially as the Woman's
club of Paducah had been organized
so short a time. She had not expected
to find anything like it. She said she
had heard since arriving in Paducah
that evening, that the men had built
the club house for the women. If so
it certainly spoke volumes for the
power of the women of Paducah to
charm, as men were generally against
Woman's clubs. But the men of Pa-
ducah must be unusually broad in
mind and line in nature, as well as
the women so charming or it would
never have been done.

Paducah Men Complicated.
Miss Frayser, of Louisville, in her
opening talk last night at the Wom-
an's club house, expressed great sur-
prise at the beautiful and complete
building, especially as the Woman's
club of Paducah had been organized
so short a time. She had not expected
to find anything like it. She said she
had heard since arriving in Paducah
that evening, that the men had built
the club house for the women. If so
it certainly spoke volumes for the
power of the women of Paducah to
charm, as men were generally against
Woman's clubs. But the men of Pa-
ducah must be unusually broad in
mind and line in nature, as well as
the women so charming or it would
never have been done.

—The Regular Meeting.
The regular business meeting of
the Christian Endeavor society of
the Kentucky Avenue Presbyterian
church was held Thursday evening
at the residence of Mrs. John Slauch-

YOUNG DANAHER PROVES METTLE

Second Assistant Yard Master
Makes Good.

Master Mechanic Nash Is Installed To-day By Superintendent of Machinery.

CONVENTION OF BLACKSMITHS.

"Second assistant yardmaster in Paducah Illinois Central yards" is the title of a new office created and conferred on a Paducah boy, who has in a remarkably short time demonstrated that the position is not a sinecure, but strictly a necessity. Thomas J. Danaher, son of Mike Danaher, the well known printer, is the new second assistant yardmaster, and his jurisdiction lies chiefly in the shop yards.

This morning more space in shop yards could be seen than for many weeks. Danaher was superintending the switching of cars, and he had 'em all hustling. The little official was everywhere at once, and disposed of incoming freight as rapidly as he could secure power to remove it. The conditions this morning were much different from two weeks ago, when not another car could be shoved on any track in the shop yards.

Danaher went to work as switchman and was made engine foreman, in recognition of his ability. When congestion impeded business here, officials decided that another official would not be superfluous, and Danaher was the boy selected for it, and he has "made good."

J. T. Hutchen, the well known Illinois Central blacksmith, and James Cross, the helper, will leave tonight for Chicago and then Milwaukee to attend the bi-annual convention of blacksmiths of the United States and Canada. Mrs. Hutchen will accompany her husband. The convention begins in Milwaukee on Tuesday.

Joseph Baker, assistant superintendent of machinery of the Illinois Central, arrived in Paducah last night in private car, No. 6, to install Mr. J. H. Nash as master mechanic of the Illinois Central shops here. He met Mr. Nash this morning and the two made a tour of the shops, and local park.

terminals. Mr. Baker is on a regular tour of the road, but found time to come over and look after conditions here. Mr. Nash is considered one of the best master mechanics on the system.

Engineer Ambrose Mercer, who has the day Illinois Central fast passenger runs between Paducah and Louisville, has resumed his runs after a month's illness.

Mr. Charles Howland, the Illinois Central boilermaker, has returned with his wife from Arizona, where they went for Mrs. Howland's health.

Accidents.

J. A. Morrison, an engineer on the Illinois Central, jumped from his car in a side swipe and sprained his ankle two nights ago.

William Powell, age 44 years, a colored laborer in the Illinois Central shops, while cleaning wheel boxes, caught his hand and severely cut it in machinery.

Walter Nichols, 22 years old, a boilermaker's helper, let a wrench slip, and it struck him on the head, inflicting a scalp wound.

R. D. Hill, 23 years old, of the city, a fireman on the Illinois Central, let a shaker drop on his left foot and crushed it.

CAUGHT WITH DECOY LETTER.

Superintendent of Delivery in Davenport Postoffice Seized.

Davenport, Iowa, Oct. 5.—The arrest and suicide of James K. Farrand, superintendent of delivery at the Davenport postoffice, this morning, created a sensation. He was charged with opening registered mail. Thefts from the mail at Davenport postoffice have puzzled the authorities for several years. Detectives have been working on the case for the past month and claim to have caught Farrand with decoy letters and to have a plain case against him. Farrand was bound over to the federal grand jury this morning. He gave bail and was found in bed later having suffocated himself with chloroform.

City Solicitor James Campbell, Jr., was able to come to the city yesterday for the first time in many weeks. He has been suffering from an injury he has sustained in playing golf at Wallen.

DRINK PLENTY OF GOOD WATER

Also Tells of Valuable Recipe
to Relieve Kidney Trouble—
Anyone Can Prepare This
Mixture.

TRY THIS AT HOME SOMETIME.

"The people here do not drink enough water to keep healthy," exclaimed a well known authority. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was: "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will no longer be a source of irritation to the bladder, and most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Anyone can mix them by shaking well in a bottle. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water, drink plenty and often." This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

WILSON'S SPEECH

(Continued from page one.)

primary and in fact the whole career of the Beckham regime were frauds and outrages on the sense of decency of the people, and Beckham, Hager and company, Ltd. have repudiated 'Goebel was murdered.'

"We offer indisputable proof that Beckham, Hager and company are not sincere on the temperance question, as shown by their actions before an aroused public sentiment forced them to change, and they have retorted, 'Goebel was murdered!'

"Well, Goebel was murdered and every right-minded Republican wants to see the guilty man hung, but shall you allow this mass of official corruption, on which we have thrown the light, to go by unheeded because these men persist in flaunting a flag of prejudice and brother-hatred, which according to the principles of right and manhood ought never to have been intruded into politics. And I tell you that it is intruded only because these men know that on no other ground can they go before the people to ask for an endorsement, except prejudice for party and for traditions."

Thus Mr. Wilson thundered on to a climax that was tipped with genuine applause. And the approval was no less sincere when he declared for that enlightened voting that would cause a man to reject his party leaders when they had proven unjust stewards of their trusts.

"Not to desert party principles, he reminded them, for Jeffersonian democracy is as far from the Beckham machine principles as Republicanism, but to vote against corrupt men in their own party as the only way to keep that party healthy and purged of impure influences."

The First District.

"This First district has been the patient ox that has pulled the machine out of every rut. In 1903 you strained and pulled and rolled up a majority that saved the machine and I know that at that time, thousands of Democratic voters went to the polls with heavy hearts dissatisfied with conditions. With the party leaders and earnestly prayerful for a change, but they voted the old way because they wanted to give the machine one more chance. Now, in 1907, they are depending on you to go through the same gait. Under the lashings of the machine leaders on your unprotected flanks, you have moved forward to save them from defeat, but how about this time. Do you still expect better things from Hager, who countenanced such methods in his office as auditor, as he did in the Semonin case, when he allowed the state funds to be embezzled, or from a candidate, though he professes opinions on the temperance question, nevertheless asked Governor Beckham to appoint Owen Tyler mayor of Louisville and even after Semonin was put out of office, asked the governor to reappoint him."

Much more could be quoted in this

vein, which made a strong impression on the crowd.

More definite proof of the danger to the state from the absence of a platform of the Democratic party, could not be adduced. Mr. Wilson said, than is shown in the attitudes of two machine leaders on the temperance question. The Republican party has a platform by which all candidates of that party are bound, from governor to constable. But the situation now exists of Hager, Democratic candidate for governor, espousing the temperance side, and of Owen Tyler in Louisville, candidate for mayor and an old time machine man, taking the most radical stand for the forces of evil that has been seen in Kentucky politics. Existence of a machine at Frankfort, of a most foul and disgraceful machine, one that affixes good only to accomplish evil, could not be doubted when Mr. Wilson read the notorious Percy Hager letter to Judge Lassing, in which he hushes Judge Lassing's fears at impending exposure of the machine through Governor Beckham's attitude toward the rectifiers. Percy Hager said in this letter that Governor Beckham had taken his position only to use it as a whip to get his 1906 taxation law passed and then closed with the astounding statement that the meager county unit law had been passed in the same way. "In other words," the letter goes on, "we have made good by delivering the goods to both sides—whisky men and temperance folks."

The South's Place.

Mr. Wilson was especially earnest in his treatment of the south's place in national affairs. In his words, "The southern people are poor klu at the second table of the nation." To assume our right place, in national councils, to be awarded the right of putting forward candidates for national offices, will come, he said, only when we throw off the shackles of partisan thinking, of going in a mass in one direction and vote as we feel down in our hearts, vote according to reason directed by broad feelings of humanity. To support a corrupt machine simply for the sake of party, is one of the worst evidences of the south's narrow policy. Mr. Wilson said he is a southerner and that if there was any fear of negro domination, he would still be a southerner and a white man, but that he did believe that every man, white or black, should get a fair chance to live and work.

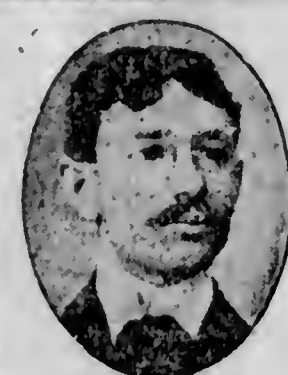

"My nomination meant the end of any Hepburn machine and I sincerely believe that it will be the end of the Democratic machine. If elected I won't pardon criminals, and certainly not 37 criminals against women. I shall concentrate all the powers of my being on the ambition to bring Kentucky back to an exalted place among the states. In the reputation for official honor and ability, I ask you to vote for me, not for any personal reasons, whether Republicans or Democrats, but because of my fitness for the office. I want to know that I am the choice, if elected, of free voters and because I represent in my person, all your ideals of honor, faith and manhood. And if elected I pledge you my word that my conduct in office will ever be as the representative of 2,000,000 persons and not of myself."

So closed a speech, which for sustained expression of high principles, probably has not been surpassed in Kentucky. After the speaking, Mr. Wilson met many in the crowd. Captain Edwin Percy again met his Murray friends yesterday and Mr. Frank Fisher, postmaster in Paducah, accompanied Mr. Wilson. A. D. Thompson, a prominent Democrat, introduced Mr. Wilson, with the statement that no man in Kentucky was better prepared to fill the high office of governor.

Anita, The Singing Girl, which
 comes to the Kentucky Monday night,

is one of the best popular price melo-
 dramas that will play Paducah this

season. "The show is so good the
 managers wanted to play us at \$1,"

said Manager George Goodman today.

"Our policy is to give our patrons
 just a little more than they have

been getting for their money in the
 show line, and we set the price at 75

cents. We shall take our patrons into
 our confidence on all shows that we

back, and tell them what shows are

deserving. We intend to cater to all
 classes, and each week shall have a
 show that will appeal to each class."

Lecture on "Doll's House."
 Mrs. Sarah E. Dunbar, America's
 highest authority on "Ibsen," will de-
 liver a free lecture on that subject
 at the Woman's club next Tuesday
 afternoon, October 8, the hour being

W. Francis Burke, with "Anita
 the Singing Girl," at the Kentucky on
 Monday night.

4 o'clock, so that teachers and high
 school students also will have an op-
 portunity of attending. Mrs. Dunbar
 charms her audiences with voice and
 personality. She gives short read-
 ings from Ibsen's best known plays,
 in one of which, "A Doll's House,"
 Miss Jane Corcoran is to be seen at
 the Kentucky theater next Thursday
 night, October 10. The Woman's
 club invites the public to attend the
 lecture which is being given under
 its auspices.

"The Vendetta"

"The Vendetta" will be the offer-
 ing at the Kentucky theater on Wed-
 nesday evening, the 9th, with the
 charming emotional actress, Miss
 Beatrice Harrington, appearing in
 the leading role, supported by an ex-
 cellent company.

"King of the Cattle Ring"

Eller's "King of the Cattle Ring,"
 is a beautiful western drama told in
 an interesting way by a company of
 artists.

The play is all that its name im-
 plies, and the scenery and characters
 are characteristic of the western fron-
 tier people of today. The scenes are
 laid upon the western frontier and
 the situations are thrilling and sen-
 sational. The story of the "King of
 the Cattle Ring" is one full of action
 and exciting incidents. There is a
 strong plot consistently told and
 brought out with much force and
 dramatic action. A lot of comedy
 creeps in at the more serious mo-
 ments of the play, thereby giving the
 audience a breathing spell from the
 exciting and stirring story. The
 "King of the Cattle Ring" at the
 Kentucky October 8.

"A Doll's House"

During her stay in Rome in the
 latter part of May, and in the mouths
 of June and July, this last summer,
 Miss Jane Corcoran learned to dance
 the tarantella, the stimulus, with
 Giovanni Surdo, the celebrated Ital-
 ian dancing master, who teaches the
 royal youths and maidens their first
 steps, took Miss Corcoran for his pu-

all and each day of the time she
 spent in Rome. Miss Corcoran pre-
 ferred before the eyes of the stately
 old senator. After her instruction in
 Rome, Miss Corcoran spent two weeks
 in the villages of southern Italy where
 she studied the peasants at their play
 and obtained the local color which
 he fuses into her performance and
 dance in Ibsen's great drama, "A
 Doll's House." The costume which
 Miss Corcoran wears in the perform-
 ance of the dance, is an exact copy
 of those worn by the peasant women
 of that region.

American Plays Succeed in London.

New York, Oct. 5.—Alfred Sutro,
 the English playwright, who arrived
 today on board the steamship Car-
 ania, had something to say about
 the prevalence of American successes
 in London. "I do not think there is
 any tendency away from British plays
 toward American plays in England,"
 said Mr. Sutro, "but there has sim-
 ply been a revival of interest in
 native American plays this year on
 the other side. The public has been
 led to them because they like any
 play that is a good play." Mr. Sutro
 spoke on the success of "Brewster's
 Millions." Mr. Sutro is on his way
 to Milwaukee, where his "John
 Gayde's Honor" is to be produced
 shortly.

Charles B. Hanford.

Charles B. Hanford, who brings to
 The Kentucky Saturday, October 12,
 his magnificent scenic revival of "An-
 tonio and Cleopatra," is one of the few
 actors who make their productions
 strictly in accordance with their own
 ideas. From year to year his repre-
 sentations have kept pace in some
 grandeur with the ever-increasing
 brilliancy of his personal fame. And
 this performance is universally re-
 garded as the culminating achieve-
 ment of his career, both as a player
 and a producer. The role of Antonio
 is one whose demands of personal
 grace, unusual voice, and intelligent
 reading, make it peculiarly congenial
 to Mr. Hanford's talents, and he has
 proved no less welcome to an always
 admiring public as the Antony of
 Cleopatra's court than he was as the

When Liquor is Cooling.
 In one block of Columbus Avenue
 are seen an ice cream parlor a res-
 taurant, many cigar stores, whole-
 sale liquor stores, and the various other
 shops that go to make up the city
 block. A man who was one evening
 running household errands went into
 each of the stores. The liquor store
 was found to be cooler by several de-
 grees than any place else. There was
 no apparent cause for the comfort-
 able temperature. There were no
 electric fans going, the quantity of
 ice used was no greater than in the
 ice cream saloon, and fully as many
 lights were burning. "It is the bot-

tle of liquor along the walls that gotten something?" "No," replied the
 household. "make it so cool?" said the clerk when departing guest "but I'm trying to get
